

# BHWET-USF

Behavioral Health Workforce  
Education & Training Program  
at the University of South Florida

*Providing specialized training in integrated behavioral health while increasing service to underserved populations in the Tampa Bay area.*

---

## Welcome to the Behavioral Health Equity Resource Library!

The **Behavioral Health Equity Resource Library** is a resource for BHWET-USF Scholars to use to continue their education in integrated behavioral health. The library currently includes resources within these topic areas:

- Behavioral Health Equity
  - Tools & Practice to Eliminate Disparities
  - Organizational Cultural Competence
- Children & Youth
- Health Literacy
- Mental Health & Trauma
- National CLAS Standards
- Racial Equity in Health
- Specific Populations
  - Racial/Ethnic Communities
  - Gender Identity & Sexual Orientation
  - Immigrant Communities

The resources within this library primarily focus on working with underserved populations while applying culturally competent and equitable mental health treatment within our healthcare systems.

To find resources relevant to your topic of interest, you can organize the resources by each category, resource title, or author by clicking the headings at the top. You can also search for specific topics by using the search bar in the top right corner.
